

U-Net families: dimensionality, skip fusion, and residual learning

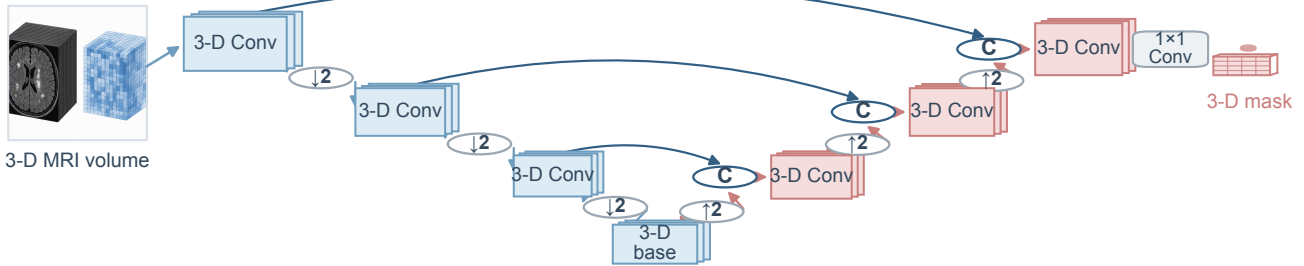

(a) U-Net

$\downarrow 2$ = explicit downsample · $\uparrow 2$ = explicit upsample · C = channel Concat

(b) 3D U-Net

$\downarrow 2$ = explicit downsample · $\uparrow 2$ = explicit upsample · C = channel Concat

(c) Residual U-Net

$\downarrow 2$ = explicit downsample · $\uparrow 2$ = explicit upsample · C = channel Concat
